Academic Restructure

Senate has charged the Chair to present the Academic Restructuring to the Committee for review.

Discussion comments: The makeup of C&I will change which allow for only 2 voting members per division/department plus 1 from the library. The number of representatives will drop from 12 to 8. With reducing faculty we will lose knowledge for understanding of proposals and work will increase. Possibly continue with departments instead of divisions to keep 12 representatives. Each certification also needs a representative or an advisory at the meetings. Admissions and Credits and the Core Curriculum Committee have also been asked to submit suggestions. There will be further discussion at the November meeting.

Zoom Meetings – Dr. Daily will send out a survey for changing monthly meetings from in person to zoom.

Meeting adjourned at 3:50pm.

Respectfully submitted,

Donna Semler
