

Annual Campus Security and Fire Safety Report 2014

Annual Campus Security and Fire Safety Report

Shepherd **U**niversity is firmly committed to maintaining a safe campus environment and to the swift prosecution of criminal offenders. The full benefit of academic freedom is only experienced by faculty and students when the University community is free of violence or other criminal activity. The University makes basic information regarding crime available to students and employees in compliance with federal and state policies.

How Shepherd University Prepares the Annual Crime Statistics

Shepherd University has a committee of individuals who gather the crime statistics throughout the year and help produce the Annual Security and Fire Safety Report. When notified of a crime, the committee members will document the crime and report it. The crimes are then classified within the guidelines set forth in the most updated version of the published Clery Act.

The Clery Compliance Committee members include:

- Chief of Police, John P. McAvoy, Chair
- Athletic Director, B.J. Pumroy
- Director of Counseling, Barbara Byers
- Dean of Students, Dave Cole
- Director of Residence Life, Elizabeth Sechler
- Associate Director of Residence life, Ellisa Woodbrey
- Assistant Vice President of Student Affairs, Holly Frye

Reporting Crimes

Shepherd University Police Department (SUPD) officers have full law enforcement powers and duties within the jurisdiction of the University. The University strongly urges all students and requires all employees with knowledge of a crime to report the crime promptly to SUPD. Only employees designated as serving as a “counselor” are exempt from this requirement.

Prompt reporting of crime maximizes the potential for a successful arrest and prosecution. The preservation of evidence is critical to successful prosecutions. University police officers are available 24 hours per day, 7 days a week. The SUPD phone is 304-876-5374; evenings and weekends dial 304-876-5202 to reach an officer directly. In an emergency, dial 9-911 from any campus phone. Additionally, the campus has “blue light” emergency phones located outside throughout campus and inside academic buildings and residence halls. These emergency phones will dial directly to SUPD.

Alternatively, a student with knowledge of a crime, or as a victim, has a right to file a report with”

- Shepherdstown Municipal Police Department, phone: 304-876-6036
- Jefferson County Sheriff’s Department, phone: 304-728-3205
- West Virginia State Police, phone: 304-725-8484

SUPD officers have traditionally maintained an excellent working relationship with all regional law enforcement agencies in the joint investigation of offenses within the jurisdiction of the University, and inter-departmental agreements provide for mutual assistance with the municipal and Sheriff's departments. Institutional discipline for any criminal offense is not dependent on prosecution or conviction in the state or federal courts.

Limited Voluntary Confidential Reporting

SUPD encourages anyone who is a victim or witness to a crime to promptly report the incident to the University Police. Because police records are public records under state law, SUPD cannot hold reports of crimes in confidence. However, confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other Shepherd University campus security authorities as identified below.

Campus Security Authorities:

- Athletic Director, B.J. Pumroy
- Director of Counseling, Barbara Byers
- Counselor, Rhonda Jackson
- Dean of Students, Dave Cole
- Associate Director of Residence life, Ellisa Woodbrey
- Assistant Vice President of Student Affairs, Holly Frye
- University Police
- University Official with significant responsibility for student and campus activities

Security and Access to Campus Facilities

The Shepherd campus consists of academic, administrative, and student services facilities, as well as grounds covering more than 300 acres. Academic and administrative buildings are unlocked each morning by facilities management and then secured each evening by SUPD, according to established schedules. Generally, unscheduled access to a secured administrative or academic building is not possible, except for authorized employees.

Admission to campus residence halls is limited as set forth in the *Student Handbook*. SUPD officers periodically patrol the interior of residence halls. Enforcement of regulations of residence hall visitation is through the cooperative efforts of all residents and the residence hall advisors. West Woods residence hall rooms open directly to the campus grounds; the continuous use of locks on all doors is, therefore, imperative for maximum student safety.

The campus grounds are regularly patrolled by SUPD, and secured exterior doors are periodically checked. It is not possible for every portion of the campus to be under continuous visual oversight by a police officer, however, and all students are cautioned to exercise reasonable care for personal safety, especially during night hours. Lighting is installed along most popular pedestrian lanes of traffic on the campus; unlit or dimly lit areas should be avoided, particularly by students or employees walking alone. Any student may telephone SUPD for an escort from one campus location to another during night hours; a short wait may be necessary except for emergency situations.

There are numerous call boxes located throughout the campus. By pushing the call button, SUPD is immediately notified and will automatically come to that location. Two-way communication with SUPD is

possible by pushing the button to talk and releasing it to listen. Where a call box is so labeled, a call box may call the 911 Center rather than SUPD.

Holiday Closings

As is stated on the *Residence Hall Contract*, residence halls serve only as a temporary residence for students, and the opening and closing of the residence halls follows the University's academic calendar, with Printz and Dunlop Hall apartments being exempted. The University reserves the right to modify this schedule in accordance with officially announced changes in the University calendar. Unless students are notified otherwise, residence halls are officially closed for holidays at the following times:

- Beginning at 6 p.m. on the Friday preceding both Thanksgiving Break and Spring Break until 2 p.m. the Sunday terminating each respective break.
- Beginning at 6 p.m. on the day of the University's last scheduled final examination for Winter Break until 10 a.m. on the day before classes beginning in the spring semester (new first-year residents may arrive earlier).
- Beginning at 6 p.m. on the day of the University's last scheduled final examination of the spring semester until 10 a.m. on the day before classes begin for summer term I. Graduating seniors who apply for extended stay in accordance with all posted procedures and designated deadlines may remain in the residence halls at no additional charge until Commencement in consolidated spaces in the facility designated by Residence life.
- At the end of the fall, spring, and summer terms, each resident is expected to vacate the residence hall room no later than 24 hours after taking her/his last final examination or by 6 p.m. on the day of the last scheduled final examination, whichever comes first.
- Apartment residents may remain in their assigned housing during all holidays and breaks during the contract period of their Residence Hall Contract. If an apartment resident is not returning to Shepherd University for the spring semester, he/she must officially check out as prescribed for other residential students.

Sexual Assaults/Offenses

Because incidents of sexual assault often create great emotional hardship for the victim, the University provides or coordinates special counseling through the Office of Student Affairs and the student counselor. Reports of sexual assaults are made to the police, as required by law, but victims are given a choice in advance as to whether their names will be included in the report, to the extent permitted by law. Counseling services are coordinated through the Counseling Office. Further information on policies and students' rights is provided in the Student Handbook.

Sex Offender Information

The West Virginia State Police maintain an Internet record of registered sex offenders living in Jefferson, Berkeley, and other counties in West Virginia. This information can also be accessed through the University Police Department.

Security Education

During the month of August, at the beginning of each academic year, the University conducts orientation sessions for freshmen and other new students. The orientation program includes information regarding SUPD and issues of personal security. Additionally, brochures and other information regarding personal security, or institutional security operations, are available from the Office of Student Affairs.

For students living on campus, issues of security are frequently addressed by the Residence Life staff, who have received a brief training on security issues. For students, the University offers at least one self-defense instructional course each academic year.

Off-Campus Student Activities

The University's sphere of interest extends beyond the geographic jurisdiction of the University's campus and grounds. Any formal or informal student organizations, and all of its members or participants, remain under the authority and jurisdiction of University policies, even when meeting off-campus.

In the case of criminal activity, Shepherd University regularly receives notification of arrests of students from the regional law enforcement agencies, and such activity will result in a case by case review of whether disciplinary sanctions will be applied by the University.

Alcohol and Narcotics

As explained in the *Student Handbook*, Shepherd University strongly supports the alcohol and narcotics regulations of the state and federal government. Possession or use by, or distribution of alcoholic beverages to any underage person (less than 21) is prohibited by state law, and this legal mandate is strongly enforced by the University through the Residence Life staff and SUPD. Discipline and/or counseling will be pursued for violators. Persons possessing, using, or distributing illegal narcotics are usually suspended or expelled from the University. Counseling for persons seeking liberation from substance abuse is available from Student Affairs.

Firearms

The possession of any firearms, (e.g., pistols, rifles, shotguns, or crossbows) is prohibited unless specifically authorized in writing by the President of the University. Any person on campus with a loaded firearm will be prosecuted.

Emergency Response

The University's Safety Manual includes information about fire procedures, bomb threats, mail and/or package threats, blood-borne pathogens and spill, and appropriate counter measures. University departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility.

SUPD officers and supervisors have received training in Incident Command and Responding to Critical Incidents on Campus. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually SUPD, Shepherdstown Police Department (SPD), the Jefferson County Sheriff's Office, West Virginia State Police and the Shepherdstown Volunteer Fire Department (SVFD) or Sharpsburg, MD Volunteer Fire Department. Shepherd University works closely with the Jefferson County Homeland Security and Emergency Management Agency, which responds and

may manage the incident if needed. Depending on the nature of the incident, other SU departments and other local or federal agencies could also be involved in responding to the incident.

General information about the emergency response and evacuation procedures for SU is publicized each year as part of the institution's Clery Act compliance efforts and that information is available on the Shepherd University website. Detailed, updated information about the *Student Handbook* is available on the Campus website at <http://www.shepherd.edu/students/studenthandbook.pdf>.

All members of the SU community are notified on an annual basis that they are required to notify SUPD of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or on-going threat to the health and safety of students and/or employees on campus. SUPD has the primary responsibility of responding to and summoning the necessary resources to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. In addition, SUPD has a responsibility to respond to such incidents to determine if the situation does, in fact, pose a threat to the community. If that is the case, federal law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

Notification to the Shepherd Community About an Immediate Threat

SUPD, the General Counsel, and the Office of Student Affairs receive critical information from various offices/departments on campus, student housing, faculty, staff, students, grounds, and building maintenance. These three offices work together to assess whether there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the SU community. SUPD, General Counsel, or the Vice President of Student Affairs will, without delay and taking into account the safety of the community, determine the content of the notification and initiate an appropriate notification system, unless issuing a notification will, in the judgment of the first responders (including but not limited to: SUPD, SPD, and/or SVFD), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In the event of a serious incident that poses an immediate threat to members of the SU community, the University has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate and substantial threat to the SU campus community, or a component thereof. These methods of communications include postings of notices, mass voice-messaging to campus phones, network e-mails, University website alers, and emergency text messages that can be sent to a phone or PDA (individuals can sign up for this service on the campus website, under RAVE). The University will post updates during a critical incident on the SU campus website at <http://www.shepherd.edu/police/campussecurity.pdf>. Members of the larger community may not be notified of an emergency through RAVE or e-mail. Students, faculty, and staff who are interested in receiving information about emergencies on campus should sign up for the emergency text message system, RAVE, on the campus website.

Emergency Evacuation Procedures

An evacuation drill is coordinated by SUPD and the Associate Director of Residence Life each semester for each residential facility on campus. A second drill is coordinated each semester for some first-year Residence Halls and the more densely populated halls. Thus, the emergency response and evacuation procedures are tested at least twice each year and, for some of the buildings, four times a year. Students

learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. University staff members do not tell students in advance about the designated location for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as location and nature of the threat. In both cases, SUPD and Residence Life staff on the scene will communicate information to students regarding the developing situation to students or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of fires or other emergencies. At SU, evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants “practice” drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of fire alarm system components.

Evacuation drills are monitored by the SUPD, SVFD and the Residence Life staff to evaluate egress and behavioral patterns. Reports are prepared by participating departments which identify deficient equipment so that repairs can be made immediately, as well as assessment and evaluation of emergency plans and capabilities. Residence Life staff prepares a summary of its emergency response and evacuation procedures in conjunction with at least one drill or exercise each calendar year. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

Students receive information about evacuation and procedures during their first floor meetings and during other educational sessions that they can participate in throughout the year. The Residence Life staff members are trained in these procedures as well and act as an on-going resource for the students living in residential facilities.

Evacuation Protocol

An evacuation protocol exists in the event that a residence hall must be evacuated for an extended period of time. The evacuations of buildings are rare occurrences, but understanding what each person needs to do provides a mechanism for a smoother transition during an emergency. The following are things you need to know to assist with a smoother evacuation:

- In any given situation where a building is deemed uninhabitable for an extended period of time by the Director of Facilities, the ranking officer of University Police, the Director of Residence Life and/or SVFD will determine if the occupants/residents will need to be evacuated.
- When a building must be evacuated, follow the directives of campus officials including those from SUPD, Student Affairs, Residence Life, and Facilities Management. In many cases, the SVFD will also be providing directives. The fire department is in charge when on the scene of an incident.
- Report directly to the Student Center, Storer Ballroom, to check in with full-time staff and receive additional information and directions. You are not required to stay in the Student Center after you have identified yourself and your plans while your building is evacuated.
- The University’s main extension (304-876-5000) will have a brief message notifying callers of the incident and instructing them to report to the Student Center, Storer Ballroom, for updated information and assistance.
- The Student Center will have telephone lines and some staff will have cell phones for students to contact parents/emergency contacts, if necessary.

- Should the Dining Hall be evacuated and uninhabitable, food service will be operational in the Student Center only.
- Staff in the Student Center will keep students and others abreast of the situation and students will be notified when the building has been cleared for re-entry.

Evacuation Route

When the fire alarm sounds in your building, proceed to the nearest exit or follow posted emergency exit plans. Proceed to a designated assembly area as indicated by Residence Life staff members. Keep streets, fire lanes, hydrant areas, and walkways clear for emergency response vehicles and personnel.

Notification of Missing Students

If a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify SUPD at 304-876-5202. SUPD will generate a missing person report and initiate an investigation immediately.

After investigating the report of a missing person, should SUPD determine that the student is genuinely missing, SUPD will notify the student's designated emergency contact no later than 24 hours after that student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, SUPD will notify the student's parent or legal guardian immediately after SUPD has determined that the student has been missing.

Safety and Security of Residents

Residence Life staff members are dedicated to and place an utmost priority on, the preservation of the safety and security of our residents. As such, a variety of procedures has been put in place for this purpose.

Main Desk Coverage

Each traditional hall and apartment building has a main desk. The desk serves as a security measure and is open from 6 p.m. to 3 a.m. on Thursday-Saturday. The desk is staffed by RAs and Hall Security. All guests accompanied by a resident of that building are required to stop and register at the desk during hours of operation.

In addition, games, vacuum cleaners, snow shovels, Residence Life forms, and work order requests for maintenance repairs are available at the main desk.

Hall Security

Hall Security students have been trained by Residence Life personnel. Their primary job responsibilities include implementing and enforcing the visitation policy; student conduct; collaborating with RAs to address and document policy infractions; and following appropriate response protocols in emergency situations.

Community Policing

Residence Life collaborates closely with SUPD officers in responding to and resolving incidents which occur in the residence halls. Regular, confidential communication takes place between the two departments. In addition, SUPD officers may make unscheduled visits to residence halls and conduct

regular walking tours in and around the exterior of buildings to ensure no safety or security breaches exist. These rounds also provide officers and residents an opportunity to get to know each other better.

K-9 Unit

A K-9 unit is an important aspect of the community policing team. It is used as a deterrent to illegal drug possession and consumption. A K-9 unit will periodically make unannounced inspections of the residence halls.

Health and Safety Inspections

Residence Hall health and safety (H&S) inspections are done at least five times a year, twice each in the fall and in the spring and once in the summer. Inspections will be announced only during the first round of the fall semester. All other inspections are unannounced. The H&S inspections are primarily designed to find and eliminate safety violations. Students are required to read and comply with the Residential Community Guidelines, which include the H&S inspections and all other rules and regulations for residential buildings. This inspection includes, but is not limited to, a visual examination of electrical cords, sprinkler heads, smoke detectors, fire extinguishers, and other life safety systems.

In addition, each room will be examined for the presence of prohibited items (e.g., sources of open flames, such as candles; non-surge protected extension cords; halogen lamps; portable cooking appliances in non-kitchen areas, etc.) or prohibited activity (e.g., smoking in the room; tampering with life safety equipment; possession of pets, etc.). This inspection will also include a general assessment of food and waste storage and cleanliness of the room. Prohibited items will be immediately disabled with a locking device or confiscated.

Medical Emergencies

For medical or mental health emergencies, students are strongly encouraged to call 9-911 from any campus phone immediately for emergency transport services, and then notify a residence hall staff member for support. Residence Life staff members are trained to follow strict protocols in emergency situations. Due to limited staffing, the Campus Health Center is not able to respond to medical emergencies outside of the Health Center facility.

In cases where a student's life may be in danger, Residence Life staff or an SUPD officer may contact individuals listed on the student's emergency contact information card. Please note that Shepherd University is not responsible for the costs of any emergency transport services or medical care incurred by a students.

Theft and Renter's Insurance

Shepherd University is not responsible for theft, damage, or loss of personal items belonging to residents. To prevent such occurrences, keep your door locked at all times, including when going to use bathroom facilities. It is suggested that residents do not keep large sums of money or expensive items in their rooms. If you do choose to keep such valuables in your room, it is highly recommended that you purchase insurance.

Fire Protection Equipment/Systems

A majority of University buildings are equipped with automatic fire detection and alarm systems which are constantly monitored by SUPD staff. Refer to the chart in this document to review the Fire Safety Amenities in SU residential facilities for information about fire detection, notification, and suppression systems in each residential facility.

General Fire Safety

If a fire occurs in an SU building, community members should immediately notify Jefferson County Dispatch, IF ON CAMPUS at 9-911 or SUPD at 5202 if the fire was incidental and fully and immediately controlled. If there is any doubt whatsoever, always call 9-911. SUPD will initiate a response, as well as the SVFD.

During fire alarms, community members are required to heed the warning and evacuate buildings immediately upon hearing a fire alarm in a facility. Use the nearest stairwell and/or exit to leave the building immediately. Community members should familiarize themselves with the exits in each building. The Fire Marshall can levy fines and penalties to individuals who fail to evacuate a building promptly – but a more important reason for evacuating is for safety reasons!

When a fire alarm is activated, the elevators in most buildings will stop automatically. Occupants should use the stairs to evacuate the building. If you are caught in the elevator, push the emergency phone button. The emergency phones in elevators on campus ring to an SUPD officer.

Following a false alarm in a residential facility, an e-mail message is distributed to residents, typically the next business day, informing them of the cause of the activation and the reason for the evacuation. The purpose of providing follow-up information is to use those instances as a teaching moment to point out the reason for the alarm activation, the evacuation routes, and the instructions and guidelines for evacuations.

Fire Emergency Procedures

Residence Life addresses fire safety for its residents through building rules which reduce the risk of fire, safety training for students, and routine fire drills for all residents. These drills provide an opportunity to ensure that fire warning systems are functioning properly and that residents know the appropriate evacuation routes. In addition to these fire drills, residence hall staff members conduct weekly checks of all fire extinguishers and other fire safety equipment, ensuring that these lifesaving tools are fully charged and functional.

The SVFD has an excellent crisis response team. Fire squads, EMTs, and ambulance crews provide additional emergency services to the campus. The individuals who staff these units are well-trained responders who regard the Shepherd University campus as a top priority.

A fire emergency is defined as any situation in which a discernible smell of smoke or fire, visible signs of smoke, or a live fire in a residence hall exists.

In case of fire:

- Sound the alarm. Yell “fire!” repeatedly. As you leave the building, activate the nearest fire alarm pull.
- Evacuate the building quickly. Use the nearest exit or follow posted emergency exit plans, and proceed to the designated gathering place. Remember that saving lives is the most important thing; do not carry any items with you. Once you are outside, be sure to go to and remain in your

designated area until an accurate headcount has been taken. Do not return to an evacuated building unless instructed to do so by a University official or fire and rescue personnel.

- If the door to your room feels hot, do not open it. Keep the door closed and place wet towels at the bottom of the door, if possible, to prevent smoke from entering. Call 911 for help; if no operable phone is available, yell out the window for help. Remain in your room and wait for assistance.
- If the hallway is filled with smoke, drop low to the ground, cover your nose and mouth with a damp cloth, if possible, and crawl quickly to the nearest exits. If the smoke is overwhelming or fills the entire hallway, return to and remain in your room, following the procedures above.
- Call 911 from a safe place for emergency response services. Provide your name, phone number, and exact building location.
- Call SUPD at x5202. The responding officer will be responsible for directing traffic and communicating with fire and ambulance personnel.
- Under no circumstances are residents or staff to reenter the building until the responding Fire Chief or law enforcement officer has indicated that it is safe to do so.

Annual Fire Safety Report

A daily fire log is available for review Monday through Friday from 8 a.m. to 4 p.m. The information in the fire log typically includes information about fires that occur in residential facilities, including the nature, date, time, and general location.

SUPD publishes this fire safety report as part of its annual Clery Act compliance document, via this brochure, which contains information with respect to the fire safety practices and standards for SU. This report includes statistics concerning the number of fires, and the value of the property damage caused by a fire (see chart for more information). The compliance document is available for review 24 hours a day on the SU website at <http://www.shepherd.edu/police/campussecurity.pdf>.

Education of Members of the University Community

Shepherd University's safety and security measures, along with fire safety procedures, are discussed during new student orientation. SUPD staff and Student Affairs Staff (including Residence Life) participate in forums, meetings, and program in residence halls to address students and explain University security, public safety, and fire safety measures and procedures at SU. SUPD members conduct crime prevention and general security and safety awareness presentations when requested by various community groups, including students and employees of the University. During these presentations, the following information is typically provided: crime prevention tips; statistics on crime at SU; fire safety information; and information regarding campus security/safety. In addition, SUPD organizes and sets up crime prevention and education display tables which are staffed by officers at various locations throughout the year. This activity provides an opportunity for SUPD staff to hand out safety related information, as well as to answer individual questions. New employee orientation includes the distribution of crime prevention and fire safety materials to all new employees of the institution.
