**What to Consider Bringing to Campus to live in the Apartments**

All rooms are furnished with beds, mattresses, desks, study chairs, chests of drawers, closets, window blinds, and wall-to-wall carpet. We recommend twin-size sheets, blankets, and bedspreads to fit our mattresses. (6” x 36” x 75”)

We encourage residents to speak with their roommates to decide who is bringing larger items such as televisions, refrigerators, etc. Please note that no residence hall furniture may be removed from the rooms, suites, or apartments.

Students are encouraged to personalize their rooms with posters, pictures, pillows, etc. Residents should hang posters and pictures carefully with poster putty or other hanging materials that will not leave holes or other marks on the walls.

In addition to clothing and personal care items, residents should also consider bringing the following articles:
