

Standard daytime scheduling time patterns

3-credit classes meeting three times per week are scheduled for 50 minute periods **MWF** according to the following start and stop times

Start	Stop
8:10	9:00
9:10	10:00
10:10	11:00
11:10	12:00
12:10	13:00
13:10	14:00
14:10	15:00
15:10	16:00

3-credit classes meeting twice per week are scheduled for 75 minute periods **TR** according to the following start and stop times:

Start	Stop
8:10	9:25
9:35	10:50
11:00	12:15
12:25	13:40
13:50	15:05
15:15	16:30

Necessary deviations from these patterns are not unexpected (often to accommodate labs, studios, or courses offering less or more than 3 credits), but should be reviewed carefully to avoid unintended scheduling conflicts for students, both during registration and at final exam time.
