2 Weeks	_____	_____	_____

Date materials are to be taken off reserve and picked up by the instructor _____

United States Copyright Law: Fair Use Application for Course Reserve Material

Under the United States Copyright Act of 1976 (Title 17, U.S. Code), copyright protection is granted to the writings of an author ensuring exclusive rights to use, publish, sell and distribute his/her creation and resulting intellectual efforts and achievements. This protection covers works, both published and unpublished, which exist in any tangible form. Under legally specified conditions, the fair use of a protected work is not an infringement of copyright. Examples include reproduction of original works for purposes such as criticism, comment, teaching (including multiple copies for classroom use), scholarship, and research. Guidelines for determining these conditions are available from the U.S. Copyright Office.

I have read the above statement and understand that compliance with United States Copyright Law, as it concerns my reserve materials, is my responsibility, and not that of the Shepherd University Library.
