The Praxis CASE/CORE (5732, 5712, and 5722) will be discontinued and a replacement (newly regenerated test) will be available Sept.1, 2019. The new test numbers will be Math 5733, Reading 5713, and writing 5723. The WVDE will accept both sets (old and new) until the old tests are completely unavailable (Aug. 2020).

The Praxis Teaching Reading: Elementary Education (5203) will be discontinued and a replacement (newly regenerated test) will be available Sept. 1, 2019. The new test is Teaching Reading: Elementary (5205). The WVDE will accept both sets (old and new) until the old tests are completely unavailable (Aug. 2020).

Information about these tests to assist you in adjusting coursework, alignment, and any other needed step may be found on the Praxis website at <https://www.ets.org/praxis/wv/requirements> by clicking on each individual test once it is posted on the website.

As always, if a candidate has taken a discontinued test while in the preparation program, and there has **not been an interruption in enrollment**, we will accept the discontinued test **up to 12 months after program completion**. Please note that if candidates do not apply for WV licensure **within 12 months of completion** of the preparation program, once they apply for licensure to the WVDE they may be required to provide passing scores on the Praxis tests required by the **effective policy at the time of application**.
