Summer Schedule Conflict Form

Please fill out the Summer Schedule Conflict form if you plan on coming to the Summer Academy, but have other commitments and activities during the summer that conflict with your attendance. Students are responsible for working out an alternative schedule with their Program Director prior to the beginning of the Summer Academy.

We recognize that students need to be well rounded in their personal pursuits, and we encourage our participants to be active members in extracurricular activities. We are happy to work with you in any way possible to ensure you receive the services you need to be successful. Please note that absences will interfere with the stipend amount awarded for your Summer Participation. Please refer to the Summer Handbook to see how absences will be handled.

Program Opt-Out

*(Use this form if you **CANNOT** attend any of the Summer Academy)*

The Summer Academy is a vital and mandatory part of the Upward Bound Academy. It will provide high school students an opportunity to experience college life and motivate students to enroll in a college following high school graduation. It will allow students to live in the dorms for two weeks, attend classes in college facilities, hear from motivational speakers, and engage in project-based academic classes, career exploration, and workshops. If a student is not attending, they must provide an explanation and parents must sign the Opt-Out Form. Students will be excused for legitimate reasons. An example of a legitimate excuse would be staying with an out of town family for the summer.

I _____ (Name of parent/legal guardian), confirm that my student,
_____ (name of youth) will **not** be attending any of the Summer Academy.

I recognize attending the Summer Academy is a requirement for being in Upward Bound as stated in the Student Handbook. Students who do not attend the Summer Academy without a legitimate reason may Forfeit their place in the UB Academy.

Please state the reason for not attending.
